Posters track

Goal

The ICSE 2014 Poster Track provides an opportunity for researchers and practitioners to present, show-case, and discuss their most recent advances, experiences, and challenges in the field of software engineering in an informal setting. As the top software engineering venue, ICSE is known to provide an excellent environment for discussions from which new ideas and solutions can emerge.

Scope

Poster submissions are intended to stimulate discussions of recent advances, experiences, and challenges as well as cutting-edge ideas, in the field of software engineering.

Evaluation

Each submission will be reviewed by at least two members of the program committee. The main evaluation criteria include the relevance and quality of the proposed posters in terms of originality, relevance for the ICSE audience, technical soundness, and presentation quality.

How to Submit

Submissions comprise an extended abstract of two pages (in ICSE 2014 proceedings format) and the poster in AO portrait format (841mm x 1189mm). The extended abstract describes recent advances, experiences, challenges or cutting-edge ideas in the field of software engineering.

Important Dates

Submission Deadline: January 14th, 2014

Acceptance Notification: February 17th, 2014

Camera-ready Copy Deadline: March 14th, 2014
